TREMGLAZE® S500+

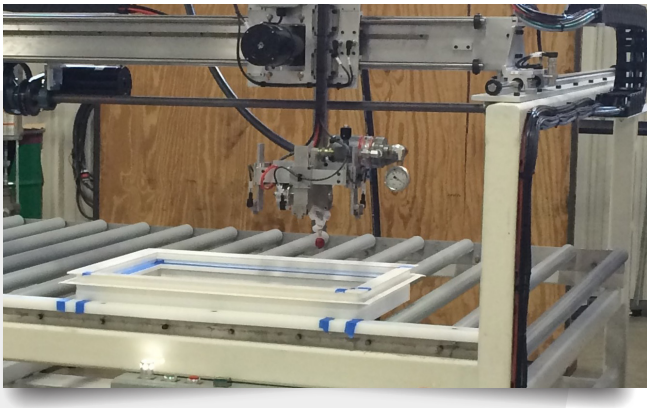
Window and Door Installation Silicone Sealant

Product Overview

TremGlaze® S500+ is a one-part, medium-modulus, neutral-curing, silicone sealant ideal for a wide variety of window and door glazing applications.

Features & Benefits

- Exceptional skin and tack free time
- AAMA certified
- Superior strength characteristics
- Medium-modulus
- Ideally suited for the most demanding window and door installations
- Tenacious adhesion to a wide variety of substrates
- +/- 25% movement
- Now with added biocide to aide in the prevention of mildew and fungus build-up



Installation Applications

- Back-bedding
- General purpose high-performance sealant for dynamic moving joints
- Glazing and re-glazing glass
- New construction window and door perimeter sealant
- Weather-barrier joints around fenestration and wall transitions
- Field joinery, mull caps sealing and field reglazing
